

INOX Fabrications Australia Pty. Ltd.

www.inox.com.au

Stainless Steel Fabrication & Engineering

Food Industry Stainless Steel Tanks

INOX

Our tanks and mixers are all carefully designed by our engineering and drafting staff. Fabrication quality is ensured by our dedicated stainless steel manufacturing workshop which includes all rolling, cutting, bending, machining services and hydraulic cone knuckling for quality sanitary tank fabrication.

We are ASSDA accredited (Australian Stainless Steel Development Association) and are proudly one of Australia's most highly regarded dedicated stainless steel engineering and fabrication company know throughout Australia.

INOX

INOX

Providing the food processing, dairy, beverage, chemical and pharmaceutical industry with a total engineering and equipment supply partner.
Proudly, MADE IN AUSTRALIA
